DIRGE FOR AN INFANT.

BY LRIGH HUNT. He is dead and gone-a flower Born and withered in an hour Coldly lies the death frost now On his little rounded brow; And the seal of darkness lies Ever on his shrouded eyes. He will never feel again, Touch of human joy or pain; Never will his once bright eyes Open with a glad surprise; Nor the death frost leave his brow-All is over with him now.

Vacant now his cradle bed, As a nest from whence hath fled Some dear little bird, whose wings Rest from timid flutterings. Thrown aside the childish rattle; Hushed for aye the infant prattle-Little broken words that could By none else be understood Save the childless one who weeps O'er the grave where now he sleeps. Closed his eyes, and cold his brow-All is over with him now!

SUMMER "ATTRACTIONS."-The Mormons are getting ready for a brisk summer season, and have trotted out their sea screent story for Bear Lake, Utah, considerably in advance of the annual arrival of that monster off Nahant. The Bear Lake monster is described, (and au thenticated by several Mormon Elders) as be ing about 60 feet in length with serpent shap-6d beadad 6aving two barines the pers extending from the upper part of the body.

WALTHAM WATCHES.

The extensive use of these watches for the last lifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuraey of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people-a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which rer. ders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and onduring time-keep-

Among the many imprevements we would particularize :

The invention and use of a centre-pinion of peculiar construction, to prevent damage to original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning, necessary in other watches.

Our new patentstem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in all portions of the U.S. where watchmakers do not abound, watches with the above-mentioned improvements which tend to nsure accuracy, cleanliness, durability and convenience, must prove invaluable-

Every watch guaranteed by the Company. To prevent imposition, buyers should see that every watch should bear either of the following trade marks: American Watch Co...... Waltham, Mass.

Amn. Watch Co Waltham, Mass. American Watch Co., Crescent street..... . Waltham, Mass. Appleton, Tracy & Co.......... Waltham, Mass. Waltham Watch Co Waltham, Mass. Wm. Ellery...... Waltham, Mass. Home Watch Co..... Boston, Mass.

For sale at retail by all respectable dealers. A descriptive circular, giving much useful information, sent to any address on application.

No watches retailed by the Company. Ad-ROBBINS & APPLETON, Gen. Agts., 182 Broadway, NEW YORK. Ask to see the new FULL-PLATE

WATCH, bearing the trade mark "AMERI-CAN WATCH Co., Crescent st., Waltham, Mass."
